Dear COMMUNITY PARTNERS

The Menchaca Elementary School community is preparing for a monumental year. We are scheduled to transition into our new state-of-the-art campus at the beginning of the New Year!

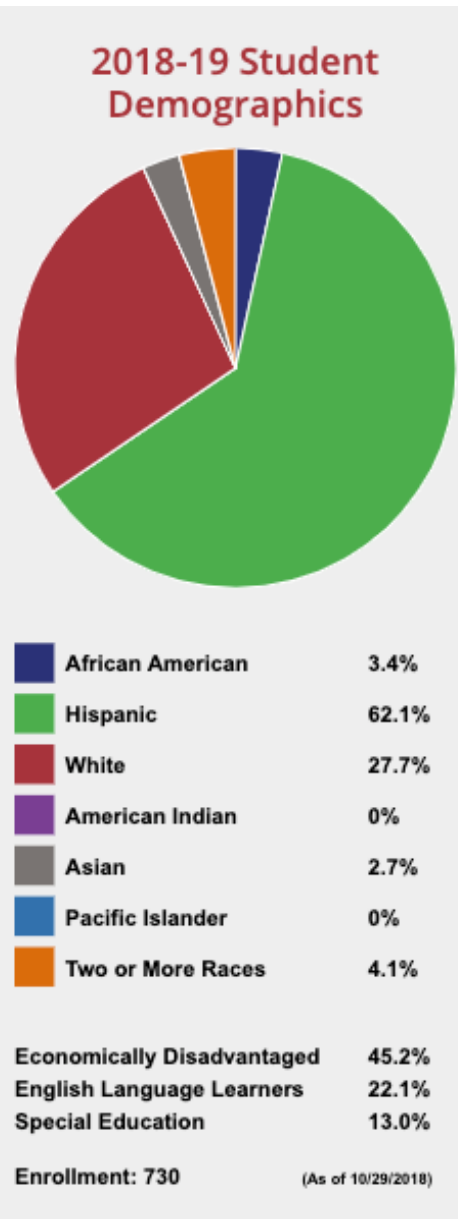

Since 1883, public schools and education for all has been a community priority in our part of town. What was once a one-room schoolhouse has blossomed into a campus of more than 750 students, and we take pride in the fact that our campus directly reflects the diverse demographics that exist throughout the Austin area. As our community grows, we the PTA at Menchaca Elementary School, are working harder than ever to ensure that each student who walks into our school, no matter their background and situation, is offered a wealth of opportunities to set them up for success throughout their lives.

Menchaca PTA takes pride in supporting academic and enrichment endeavors on our campus. To continue this support, we reach out to you, our community businesses and organizations, to ask you to partner with us in funding these endeavors. For as we all know, a foundation in education for all in our community ensures greater success for our community as a whole.

As a business sponsor your company will help support campus initiatives and improve the learning and lives of our students. We hope you will join us in making Menchaca Elementary as vibrant an experience as possible for the children in our community.

Sincerely,

Lydia Valdes
PTA President, 2019-2020
